

#IwantmyOldClimateBack

I don't like the new climate,
It's not very nice.
I tell you,
I just want my old climate back.

It wasn't too hot,
And it usually rained enough,
I didn't fear for the future,
And life was not so tough.

@politicians, you know I think you're slack.
#YourJob is to look after your voters,
But #Seriously, I see you haven't got our back.
Even with your feeble #Climate Targets
You're still way off track!

Wake up! It's a #ClimateEmergency.
#Justlookoutyourwindow and you will see:
#Drought #fire #flood and dangerous wind.

It's getting #hotter;
#Bushfires come again.

Temperature records are being smashed,
It's getting so #Hot.
The @weatherbureau has just issued a #Heatwave alert.
#IHaveNeverHeardofThatBefore.

Too much heat is really bad news, there is no doubt,
And #Heatstroke is a silent killer
That we are going to hear much more about.
We've got to take this climate heating #MuchMoreSeriously.

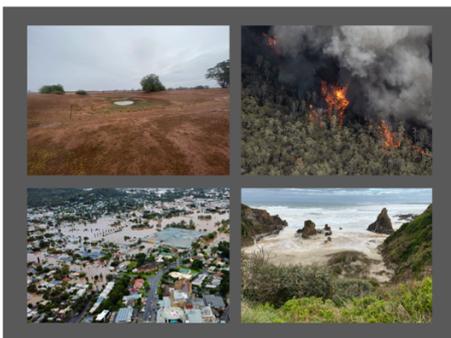

#Auspol #Ausvotes2022
You promised #ClimateAction, so we voted for you.
But you've let us all down.
Except, it seems, the #FossilFuel industry.
They must be as pleased as they can be
With your ongoing #FossilFuel approvals and massive #Subsidies.

This #ClimateEmergency is not just a myth you know
A #thing that might happen in the future,
Somewhere down the track.
It's #happening now; and it's not easy to go back.

#Justlookoutyourwindow and you will see:
#Drought #fire #flood and dangerous wind.
It's getting #hotter;
#Bushfires come again.

Every single tonne of emitted Carbon is making it worse; you see.
You have been elected to look after us, so it's your responsibility
To tell those #FossilFuel bosses you can't give them any more,
No more #coal mines, #oil wells, #NoCSG.
Come on, you can do it!
Because every single tonne of emitted Carbon makes it worse for you and me.
@UnitedNations and #climate experts all agree.

#Justlookoutyourwindow and you will see:
#Drought #fire #flood and a #rising sea.

And its only just the start of our #ClimateEmergency.
We've all got to start taking this #MuchMoreSeriously.

Unless we start *real* #ClimateAction soon,
It's going to get worse and worse.
It's really such a #drag.
So, please every @politician start doing the right thing;
Stop being so short sighted, misguided and #ClimateAction slack,
And #JustGiveUsOurOldClimateBack!
